Dear Eddie and Emina,

Thank you for your participation in the second run of the *First Wednesdays' Bronx Culture Trolley*. Once again, the evening was a success, proving that there is indeed a need and desire from the public to discover and enjoy all that SoBro (the South Bronx) has to offer. Our sign-in book shows that we had riders that came from Brooklyn, Manhattan and Queens as well as from the Bronx.

I am enclosing an airing schedule from the television show that filmed the evening - *Transit to Transit News Magazine*. Their viewing area is vast and we expect a good increase in interest in the Trolley from their program. I expect next month will continue to prove that this project is really going to fly!

All my best,

A handwritten signature in cursive script that reads 'Susan'.
